A sense of laughter

All prices are subject to five percent service charge and 10 percent tax
January 2015

At a sense of laughter is open from 9:00 am to 6:00 pm daily for four to 12 year olds. Here we have a great selection of exciting activities that will keep you busy in the resort and around the island. You can paint statues, make sand castles, explore the beach and jungle, decorate cookies, learn what to do with recycled paper and card to make exciting things, play by the pool..... The possibilities are endless. You can always join in if it looks like we're having too much fun

Our philosophy here is that you don't need to be told what to do and when, so we typically don't produce activity lists for the day (those are boring!), just come by and see what fun things are going on and join in. If you want to do something else, maybe we can get somebody else interested too.

Please note that some activities need to be booked in advance, so make sure you let your GEM know.

Children under the age of four are always welcome, but please note that without parental supervision, babysitting charges will apply.

Please note that all children being placed in the care of our hosts at a Sense of laughter must be registered so we know where to find you at all times.

Environment and social

While taking part in any excursion we ask all guests to kindly respect the environment and the local customs of Vietnam. During any excursion that visit's religious or historical sites, please covers your shoulders and knee's, otherwise you may be refused entry.

Do not purchase shells or other environmentally sensitive items (you may not be allowed to bring them in to your home country). They are beautiful, but they look better the natural setting in which they are from. By purchasing items like these you are promoting a trade in environmentally sensitive items and encouraging the growth of these industries.
